OF THE BIBLE Rev. F. W. Coleman Delivers In-

The Use and Abuse of the Bible was the subject of a strong sermon delivered at Trinity M. E. church by the pastor, Rev. F. W. Coleman, on Sunday evening before a good size-tongregation. Sunday evening before a good size congregation. Rev. Mr. Coleman pre-faced his sermon by saying that ther were perhaps many in the congregation who would ask the question. How is it possible for such a good thing as the Bible to be abused? He said as the Bible to be abused? He said in answer that there is hardly a good ning in existence that is not abused The book of Daniel is especially able to abuse as is the book of R elations. One of the reasons w there are so many religions is that the Bible has been used in a way that it was never intended to be used. Another point that Rev. Mr. Coleman brought out was that the Bible, in the past, has been used too much as a book of imagination.

"One of the ways of abusing the Bible and a very common way" said the speaker, "is not to use it at all. Another way of abuse is by neglecting the means which God has given us for its interpretation. We should use all the helps at hand to rightly read erstand the Bible.

After dwelling at length upon the ways the Bible is abused Rev. Mr. Joleman then spoke of different ways coleman then spoke of different ways in which the Bible may be rightly used. 'David.' he said. 'Gives us four ways in which the Bible may be used. 'The first is to use the word of God as a means of meditation. By this is mean that the word of God is something not to be read lightly and then dismissed but is something to dwell upon and turn over in our minds. If you use the Bible to meditate upon you will draw forth things you didn't know were there.

Hyomei is a combination of antiseptic oils that mix with the air you
breathe so that the health-giving medication must go directly to the sore,
raw, inflamed lining of the aose,
throat and bronchial tubes. It almost
immediately stops the disagreeable
